Cenergistic Energy Analysis has Begun

Meet Jacqueline Hall. Jacqueline is now working as the Energy Specialist for the Grossmont-Cuyamaca Community College District Energy Conservation Program through her employer, Cenergistic.

You will see her in and out of buildings on the Grossmont and Cuyamaca College campuses, analyzing the schools' data consumption and implementing strategies for savings. Jacqueline has a background in environmental policy, energy auditing and building science, and energy efficiency program implementation.

Please do not hesitate to say hello if you see her on campus, or to contact her directly with any questions about or suggestions for conservation! Jacqueline is based at the District Facilities Planning trailer at Grossmont College.

Her email address is jacqueline.hall@gcccd.edu and her extension is 619-644-7762.
