

**Do your part to  
save the planet!**

The energy we have  
saved is equal to  
removing **169** cars from  
the road!!

**How you can help the Energy Program:**

- **Reduce energy consumption**
  - Last out → Lights off
  - A/C on → Doors closed
  - End of day → Computers Off
- **Be an extra set of eyes & ears!**
  - Report equipment left on or malfunctioning, water leaks, & dripping faucets

*Thank you for your support!*
